GET INVOLVED

We are one Y - one organization created to serve those in need, we have one goal - to strengthen our communities and we are one community. We need your help to ensure the community is better for all. We have a variety of ways for your company to get involved.

We would like to welcome your company to explore how partnering with our Y will help your employees, your company, and our community. With three key initiatives, we are sure there is a fit for your work family:

- Corporate Sponsorship Program
- Corporate Grants/Foundation Support
- Annual Campaign

CORPORATE GIVING

Corporate Sponsorship Opportunities

Our YMCA is a place for everyone and our community uses our facilities. We have over 5,000 members and between members and guests, over 220,000 people come through our doors every year. Each user enjoys a wide array of program and facility offerings to meet their individual needs, seeing the Y mission at work, providing the community with family-friendly activities and serving the needs in our community. Being a corporate sponsor of the Y provides a fantastic benefit to your employees, while promoting your company within our facilities and to our membership, proudly promoting your company as a community supporter.

Grants/Foundation Support

Does your company have a foundation or grant program? Does your company seek to support the community? If yes, then we would like to know. Our organization's success depends on charitable gifts that can sustain, create and innovate new programs for the families and children we serve. We welcome the opportunity to explore how your company wants to give back and how we can partner in the process.

Annual Campaign

Each year, the Y raises funds through our Annual Campaign to fund our Financial Assistance Scholarship Program. With your financial support, this allows the Y to bridge the financial gap for low-income individuals and families who cannot otherwise afford the full rate for our programs. A corporate donation is a great way to meet your company's philanthropic goals.

Corporate Sponsorship Opportunities

The Family YMCA of Lancaster and Fairfield County has designed a Corporate Sponsorship Program that encompasses **financial, health, and marketing** benefits for your company. Our program supports companies by creating a healthier work environment, investing in the betterment of employees and maximizing company resources while providing a platform for your company to market to the community.

DID YOU KNOW?

YMCA Corporate Membership Sponsor Programs offer an opportunity to increase the health and well-being of employees and their families with affordable fitness and recreation options that build support networks and local communities. Much more than a fitness program, it's an investment in your employee's health and happiness; It's an investment in your organization's productivity, efficiency and future.
